Our Business Stats

- Largely because of the company's Web presence, **LocumTenens.com** maintains contact information for more than 75,000 providers (physicians and CRNAs) in all specialties.
- In 2009 we placed physicians or CRNAs to cover more than 71,111 days with hospitals and medical groups nationwide. That's 5,926 days per month of supplementing providers in 5 specialty areas: anesthesiology, primary care, psychiatry, radiology and surgery.
- Because we're a privately held family of companies, we typically don't release actual revenue figures for individual Jackson Healthcare companies. However, LocumTenens.com revenue more than doubled over the past 6 years.
