

# Compensation & Employment Report

LocumTenens.com conducted its Annual Compensation and Employment Survey in the spring of 2012. Survey respondents represent physicians who practice on a locum tenens basis as well as those with permanent salaries.

This year's *Your Voice Matters* section focuses on accountable or value-based care. We asked physicians to share their preferences and opinions on the subject.

This report includes compensation and employment statistics for the field of anesthesiology.

## Anesthesiology

### At a glance

Anesthesia survey respondents:  
 84% Board Certified; 10% Eligible  
 80% Male; 20% Female  
 41% Employed at a hospital; 31% group practice  
 32% Have worked on a locum tenens basis  
 61% Have not but may consider working locum tenens in the future

**Average annual anesthesiologist salary: \$364,961\***

### Respondent Demographics:

years in practice

by region

employment status

next job change

\* Compensation includes salary and bonuses only. Respondents who selected part-time, locum tenens, contractor exclusively, retired, or resident/fellow are not included.

## Your voice matters – Accountable Care

As part of our compensation and employment survey, we report our findings on a selected topic of interest. Hospitals and health systems are rolling out accountable care pilots across the country. These new payment models require a tremendous amount of physician involvement and cooperation, below are anesthesiologist preferences and opinions on accountable care.

We asked anesthesiologists to rate their familiarity with the following terms:

Anesthesiologists rated their comfort level if asked to participate in one of the following new payment models:

### Preferred payment model:

Of the payment models evaluated, anesthesiologists most preferred to participate in the Pay-for-Performance model.

### Preferred payers in an accountable care arrangement:

(Multiple selections permitted)

### Risk v. Reward

What bonus percentage would you expect in order to be willing to participate in an accountable or value-based care payment arrangement?

**27**  
percent

What percentage of your income would you be willing to risk in exchange for the potential for the bonus listed above?

**15**  
percent
