As part of our compensation and employment survey, we report our findings on a selected topic of interest. Hospitals and health systems are rolling out accountable care pilots across the country. These new payment models require a tremendous amount of physician involvement and cooperation, below are OB/GYN physician preferences and opinions on accountable care.

We asked OB/GYN physicians to rate their familiarity with the following terms:

- value-based or accountable care
- bundled payments
- pay-for-performance
- shared savings arrangements

We also asked OB/GYN physicians to rate their comfort level if asked to participate in one of the following new payment models:

- bundled payments
- bundled payments with risk protection
- pay-for-performance
- shared savings arrangements

Preferred payment model:

- Pay-for-Performance: 36%
- Bundled Payments: 10%
- Bundled Payments with Risk Protection: 6%
- Pay-for-Performance: 6%
- Shared Savings Arrangements: 34%

Preferred payers in an accountable care arrangement:

- Medicare: 51%
- Medicaid: 19%
- Commercial Insurers: 15%
- Other: 4%
- Other: 10%

Of the payment models evaluated, OB/GYN physicians most preferred to participate in the Pay-for-Performance model.

Risk v. Reward

What bonus percentage would you expect in order to be willing to participate in an accountable or value-based care payment arrangement? 26 percent

What percentage of your income would you be willing to risk in exchange for the potential for the bonus listed above? 11 percent
