## ABOUT US

Healthy Coverage For Life is a boutique insurance agency customizing benefit plans to meet the needs of your family and business.

With individual insurance plans tailored to you, we are able to keep premiums low with no copays and no deductibles (possibly a small deductible for overnight hospital stays only). Our plans focus strictly on you and your health needs.

Each Contractor will be assigned a personal Agent who will find the best plans available in your state. And YOU, the consumer, are in charge of YOUR healthcare, not the insurance company! You can use our insurance in all 50 states exactly the same as your home state, with no additional fees.
